

Kokoro Lifetime Warranty – Confidence in Every Cut

At Kokoro, we stand behind the quality and craftsmanship of our shears. That's why every pair in the **Black Series and above** is backed by our **Limited Lifetime Warranty** — your assurance of lasting performance and precision.

The **White Series** carries a **1-year warranty**, providing the same trusted protection for your entry into the Kokoro experience.

Our warranty covers **manufacturing defects in materials and craftsmanship** for the original purchaser. Should an issue arise, our team will carefully inspect your shears and, if eligible, **repair or replace them** so you can get back to doing what you love.

Simply provide a **copy of your original sales receipt** when mailing into us.

Please note: our warranty does not cover normal wear from everyday use or damage caused by misuse, neglect, or sharpening by non-certified technicians.
For the best results and to keep your warranty intact, always use a **Certified Kokoro Sharpener**.

Kokoro — crafted for artists, guaranteed for life.
